## City Home Administration Highly Praised By State

### Placed in Class 1 as to Administration by State Department—Standards of Cleanliness and Sanitation Unusually High State Report Declares.

That the care and maintenance of the City Home on Flatbush avenue under the administration of Superintendent N. H. Cook has been exceptionally good is shown in the report of the State of New York Department of Social Welfare submitted to the Board of Public Welfare as a result of a general inspection of the City Home made in November by Inspector David W. Park, M. D., of the state department.

William C. Rogers, director of the state department, in filing the report with the local board, stated that the State Board of Social Welfare had placed the City Home in Class 1 as to administration.

A brief synopsis of the report states that under the heading of improvements and changes much new fencing has been set up; new linoleum is being laid in the kitchen and adjacent corridors; a toilet on the first floor has been modernized and most of the interior of the building has been repainted. At the time of the inspection there were 43 men and 14 women inmates in the City Home, a total of 57.

The report gives a brief description of the property, and states that the building is in excellent repair. The rooms occupied by the inmates are suitable and well furnished. The kitchen and dining rooms are in the basement, which is light and airy. The dining room is spacious and attractive. The kitchen has good working facilities and ample space.

The farm in connection with the property comprises 64 acres, of which about 50 are tillable. Farm buildings are suitable and in good repair. The live stock includes two horses, three cows, about 30 pigs and 200 chickens. The receipts from the farm this year were approximately \$1,200.

The main building is not fireproof, though not readily combustible. It is suitable except on the second floor where there are six rooms between the stairway and the east end of the building, which do not have alternate means of egress.

Fire extinguishers, recharged November 9, 1932, are well distributed. A fire alarm is provided in the main entrance, and there is a fire house about half a mile from the home. Three hydrants are on the ground. No special fire hazards were noted. The City Home appears to be well administered.

The meals served on the day of inspection were as follows: Breakfast: Oatmeal or dry cereals, fried potatoes, bread, butter, coffee. Dinner: Coddish, turnips, bread, butter, tea, coffee or milk. Supper: Creamed salmon, peas, stewed pears, bread, butter, tea or milk.

The meals seem well planned and with suitable variation. Supplies are of good quality and properly cared for. Butter is served with all meals, about five pounds daily. About forty quarts of milk and eighteen pounds of sugar are used daily. Meat is purchased from day to day by the superintendent, and is of good quality.

Trays are sent to those unable to come to the dining room, but there are no special diets. Under the heading of sanitation and hygiene the report states: The grounds are properly drained. Cleanliness and order were very good throughout the institution.

Toilet, bath and lavatory facilities are adequate and in good condition. Beds and bedding are suitable. They are kept clean and free from vermin though little if any disinfectant is used. Bed linen is changed weekly.

Clothing is of good quality and individualized. Weekly baths and changes are the minimum requirement. Bath and hand towels are provided. The standards of cleanliness and sanitation appear unusually high.

Under the heading of care of the sick the report states: The home has no infirmary facilities, and suitable facilities for the care of chronic cases is the most important need of the institution. Patients whose condition calls for hospitalization are placed in hospitals of the city at the rate of \$4 a day. A great proportion of these could be cared for at the home, were an infirmary provided.

The physician, Dr. Van Nostrand, visits the home once a week and on call. None of the inmates were confined to bed at the time of inspection.

Under the heading of religious services the report says: Religious services are held weekly in the inmates' dining room. During the winter numerous entertainments are provided by interested organizations.

Under the heading of records the report says: Records, following the usual forms, are complete and well kept. In the closing summary the report states: The home has a generally suitable plant and appears to be well administered. The lack of infirmary facilities is the principal defect. An enclosed sun porch and a fire escape is needed at the west end of the second floor.

## Iowa Farmer Goes On Tax Sale Strike

Des Moines, Ia., Jan. 1. (P)—The overcast Iowa farmer who received national attention on himself last fall by a farm strike was back in the limelight again today with a new form of protest—positive resistance against tax sales on delinquent properties.

The resistance was successful enough to cause postponements of three sales scheduled by Harrison, Montgomery and Linn counties. It consisted merely of a refusal to make bids when the county treasurer put the land and property up for sale to satisfy back taxes.

The farmer is seeking, and obtaining, refunds from among his city neighbors, officials said.

A crowd of some 400 persons was on hand for the sale in Harrison county.

"They might as well call it off," said a bystander, "there won't be any bids."

There were no bids. County Treasurer J. C. Hammond postponed the sale until February 27. At Red Oak, in Montgomery county, Treasurer Harry Mayhew had a similar crowd. He delayed the sale until February 6. Linn county also had no bidders, saw an orderly demonstration of protest, and postponed the sale until February 26.

## Lieut. Fitzgerald, N. Y. N. G. Armorer, Dead

Brevet Lieutenant Edward D. Fitzgerald of the 159th Field Artillery of the New York National Guard died this morning at the Kingston Hospital following an operation for appendicitis which he underwent on December 25. For the last 35 years Lieut. Fitzgerald had served as armorer at the state armory on Broadway, and one of his last acts before he was stricken was to assist in removing the equipment from the old armory to the new state armory at the driving park off Manor avenue.

Lieut. Fitzgerald had always taken an active interest in military affairs and at an early age he enlisted in the old 14th Separate Company of the New York National Guard in 1890. He served with old Company M in the Spanish-American War in the Hawaiian Islands, returning with his company to Kingston at the close of the war. Older residents will recall the arch of welcome that was erected on Broadway in front of the city hall at that time. At the close of the World War an arch somewhat similar was also erected on practically the same spot to honor the boys who returned from over seas.

He was mustered into Federal service later and served at the Mexican outbreak and during the World War was transferred to Company M, 51st Pioneer Infantry, U. S. A. Still later he was assigned to Company L, 132nd Ammunition Train with the rank of technical sergeant, and later became staff sergeant of the 1st Battalion Headquarters 159th Field Artillery. At the time of his death he held the rank of brevet lieutenant in the New York National Guard.

For the past 35 years he had served as armorer at the old state armory on Broadway, and his work brought him into contact with those who attended the military and social functions held in the armory. He was a man of quiet but genial character and numbered his friends by the scores.

He was a member of Kingston Post of the American Legion, the Veterans of Foreign Wars and of the old Company M Veterans Association.

He is survived by his wife, Mrs. Harriet J. Wilson Fitzgerald; one daughter, Helen M., a son, Edward J. Fitzgerald; two brothers, Philip and Frank Fitzgerald, and two sisters, the Misses Minnie and Margaret Fitzgerald, all of this city.

Funeral services will be held from the late home, 89 Henry street, Saturday morning at 9:30 o'clock and from St. Joseph's Church at 10 o'clock where a solemn high Mass of requiem will be offered for the repose of his soul. Interment will be in the family plot in St. Mary's cemetery with full military honors.

## JUDGE LOUGHRAN TO OPEN TERM IN SCHORABIE COUNTY

Supreme Court Judge John T. Loughran left today to open the January trial term of supreme court in Schoharie county, taking the place of Judge Bliss, who has been elevated to the Appellate Division bench.

## Treasury Receipts

Washington, Jan. 3. (P)—Treasury receipts for December 29 were \$3,454,469.52; expenditures \$3,167,459.17. Balance: \$586,844,159.12. Customs duties for 29 days of December were \$19,621,552.92.

## Governor Lehman to Tackle Unemployment

Albany, N. Y., Jan. 1. (P)—New York's new governor, Herbert H. Lehman, who will assume his duties tomorrow, pledged his state "the best that is in me" to the unemployed and other economic problems of state government handed over from the administration of Governor Franklin D. Roosevelt.

His immediate attention centering on the problem he must make to the new legislative session, he takes over the administrative executive office under two previous governors, Alfred E. Smith and Franklin D. Roosevelt. He will work to make the best of the situation in the public administration.

Setting himself the broad goal of Governor Lehman's first task is to make the best of the situation in the public administration. He will work to make the best of the situation in the public administration.

Before the new executive was a report that 1,750,000 persons are out of work in New York state, an estimate by the State Relief Administration which was sent to Mr. Lehman's expressed belief that the business of raising for the unemployed is the state's most pressing problem. The report of the administration stressed the need for greater funds, and this need was echoed in yesterday's inaugural speech in which the governor pleaded for modification of the Federal R. F. A. Act to permit New York state to use R. F. A. aid.

## Symphony Orchestra Program January 23

The program for the first concert to be given by the Kingston Symphony Orchestra was arranged by Conductor George H. Miller in the fall and is now all but ready for its presentation on January 23, when it will be given in the Kingston High School auditorium. It is a coincidence that the very program planned by the local conductor has included music that has proven exceedingly popular with the New York Philharmonic Orchestra this season. It includes the Schubert C Major Symphony by Schubert, which has been given by the Philharmonic Orchestra three times this season; the Overture to Semiramide by Rossini, given twice in New York and the Ballet Egyptianne by Lulluiani which the Philharmonic Orchestra has played once. While the local orchestra is not claiming the possibility of giving a Philharmonic production, it expects to give one that will be excellent and finished and will offer to those who have heard the above compositions over the radio, the privilege of hearing the music first hand and enjoying the thrill of seeing as well as hearing local musicians, who are giving us this splendid series of two concerts. There are still many Kingston music lovers who have not become patrons of this local musical organization which asks at this time for their support. Any information which they may wish to have regarding the patron tickets may be secured from the office of Attorney Arthur C. Connolly, telephone 937.

## Dog and Hunting Licenses Expire

Dog licenses for 1932 expired the first of the year and dog owners should obtain the new 1933 license from the city clerk at the city hall. The police department will shortly begin the work of taking the annual dog census of the city.

Hunting licenses issued last year also expired the first of the year and hunters should renew their license at the city clerk's office.

## JOHN MASEFIELD, POET, AGAIN VISITS AMERICA

New York, Jan. 3. (P)—John Masefield, poet laureate of England, and Mrs. Masefield arrived today on the liner Mauretania and for several days will be guests of Mr. and Mrs. Thomas W. Lamont.

Later they plan to go to Arizona, stopping at Chandler.

This is the fifth visit Masefield has made to America. The first was 16 years ago, when he was a lad of 16 years and came to America to seek his fortune. He remained two years on that visit, worked on a farm, later was employed in a New York saloon and after that in a carpet factory in Yonkers, where he began his first important writings.

Told that a rivalry had sprung up between Yonkers and White Plains as to which place had the right to entertain him as a pioneer, he laughed and said:

"Yonkers wins. I may have driven through White Plains, but it was Yonkers where I worked and lived."

## NEW YORK MAN ARRESTED HERE ON TWO CHARGES

Joseph Nigron of New York city was arrested on Broadway on Monday on two charges, that of operating a Ford roadster without having the necessary chauffeur's or operator's license and also with not having the certificate of registration for the car. He was held to await a hearing in police court.

## May Call Special Session April 17

Washington, Jan. 1. (P)—The possibility that President Roosevelt might call the new Congress into special session April 17 was discussed today by Democratic leaders.

Most of the Democrats said they were in favor of an extra session being called in April, but a few weeks after the new session began.

Only six weeks would have elapsed between inauguration day and April 17, and they were not sure if they could get a quorum.

Speaker Cannon reiterated today that he thought it would be "difficult" to avoid an extra session in view of the "lame duck" Congress's attitude toward the Democratic legislative program and indications that may lead to enactment.

Representative Bailey of Illinois, the Democratic floor leader, said he felt that the new Congress should meet as soon as possible after the present one dies.

## Tridium for Men at St. Mary's Church

A tridium for the men of St. Mary's Church in preparation for the Feast of the Holy Name will open in St. Mary's Church on Wednesday evening at 8 o'clock. The tridium will continue on Thursday and Friday evenings, with the solemn closing on Sunday evening.

The Rev. Charles Reilly, C. S. S. R., will deliver the sermons at the services, which will be closed each evening with benediction.

On Sunday morning at 8 o'clock members of St. Mary's Holy Name Society and other male members of the parish will receive communion in a body. Following the reception of communion, a breakfast will be served in St. Mary's school hall. The main speaker at the communion breakfast will be William D. Cunningham. David Long is chairman of the committee on arrangements.

## CLEARED ON CHARGES OF CRIMINAL NEGLIGENCE

Milton, Jan. 3.—John Smith of Newburgh, driver of the S. M. Shapiro truck, which was involved in an accident December 17 which proved fatal to Homer Fowler, former merchant of Milton, has been cleared of charges of criminal negligence. The charges of criminal negligence, the road intersection in Cornwall where the crash occurred was labeled a death trap and blamed for the accident during the recent hearing, Mr. Smith testified that at the time of the accident his truck was coasting and was not going more than 15 miles per hour. The truck, he said, was supplied with a governor which allowed it to run 20 miles an hour but since this was out of order the speed was cut in half.

Homer Fowler was fatally injured two weeks ago when his car, an Oakland, was struck by the Shapiro truck. He was employed by the Cornwall A. and P. store and was returning to the store, having made a delivery of groceries. Several years ago he conducted a meat market in Milton village and made many friends while here, who were greatly shocked and saddened upon hearing of his sudden death.

## Action on Tax Budget Tonight

The common council will hold its first regular meeting of the new year this evening at 7:30 o'clock at the city hall at which time action will be taken on the tentative tax budget which fixes the tax rate at \$38.50 per thousand valuation. This will be the most important business taken up at the session this evening.

## SMITH MOURNS DEATH OF ADVISER, MRS. MOSKOWITZ

New York, Jan. 3. (P)—Grief bowed Alfred E. Smith today as he lamented the death of Mrs. Belle Linder Moskowitz, his adviser and chief strategist, a woman who came to be called a "Feminine Colonel" during Smith's ascendancy in the Democratic party.

"I regard the passing of Mrs. Moskowitz as a disaster," he said. "There were tears in his eyes yesterday when he heard the news, and he immediately hurried on to New York from Albany, where he had attended Gov. Lehman's inauguration."

Mrs. Moskowitz, who was one of the most powerful women in politics and statecraft, died yesterday of a heart attack that followed a fall in which her right arm and leg were broken. She was 55 years old.

A great gathering of leaders in city and social life is expected to attend the funeral services which are to be held at 11 a. m. tomorrow at Temple Emanuel.

Herbert M. Harriman Dead  
London, Ireland, Jan. 3. (P)—Herbert M. Harriman, a member of the American banking family, died today at Ravoch House, Agnew, London, Ireland. He was prominent in New York society, and served in the American army during the World War. He married Miss J. Hunter of Ashdover, who had nursed him through a serious illness.

Five men were sentenced to death today for the murder of a thirteen-year-old boy who had exposed them as "class enemies." Nikolai Mitokhin was waylaid and shot to death by Kulkas, independent farmers, whom he had accused of stealing produce and property from the collective farms.

 Come Out of That!

Shoebogyan, Wis.—Shoebogyan police found a burglar suspect neatly  
 tied away in a drawer.

An officer heard him break into  
 the A. J. Schmidt drug store. The  
 burglar shot and captured a man  
 passing as a lookout. Then a squad  
 surrounded the store. Pictures and  
 books provided so many hiding places  
 that the officers decided to "smoke  
 out" their quarry with tear gas,  
 which they spread through the hot  
 air-heating system.

No burglar was forthcoming, so a  
 painstaking search of the store was  
 made. Cuddled up in a draw in the  
 prescription department, almost un-  
 conscious from gas, was Christ Neu-  
 wirth, 20.

**Isn't Love Grand?**  
 Philadelphia—The love of Rose  
 Wittenberg and Irvin Victor may or  
 may not prove deathless but anyway  
 it's starting out to be sleepless. De-  
 termined to obtain the first marriage  
 license of the year, the blissful  
 couple appeared at the marriage li-  
 cense bureau 15 hours ahead of time.  
 They had only two small stools and  
 a hard marble floor upon which to  
 wait, but—that's love.

**Spurn Dance, Saw Wood.**  
 Shakopee, Minn.—Firemen here  
 are keeping the home fire burning—  
 and they won't have their annual

 they are cutting wood. They expect  
 to keep every fireman's house warm

**Gangway for Jail.**  
 Kansas City—As jails go, it's go-  
 ing to be difficult to beat the Jack-  
 son county bastille this winter.  
 Thomas Nash, new sheriff, said he  
 would serve prisoners three meals a  
 day instead of the customary two.  
 "There's been no complaints about  
 just two, as far as I know," said he.  
 "But I believe three a day will pro-  
 duce a higher morale."

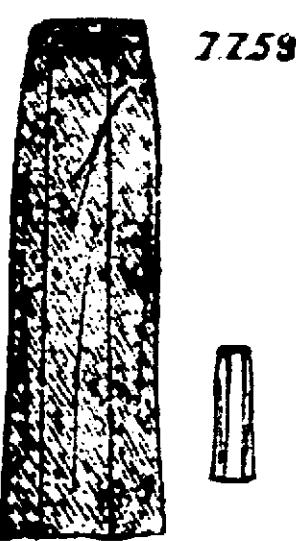

**She Got Disgusted.**  
 Seattle—Mrs. Ruby Von Dahn was  
 irritated. The stove wouldn't burn,  
 water flooded the cellar, she thought  
 her husband had gone to a party  
 without her and the children had to  
 be spanked, so she took poison. Re-  
 vived she said: "Suicide isn't always

 ture of sheer disgust with petty irri-  
 tations."

 tions arose, and Mrs. O'Connor is  
 suing for the child. When the news

**News for Blind Folks.**  
 New York—Another of the prob-

 solved. The first check ever written

 geline J. Smith, philanthropist,  
 who wanted to conduct the experi-

**The Bolero Goes to Bed**

Copyright, 1933, by Fairchild.

A loose swinging application of  
 lace, slit up the center front, makes  
 the bolero on the satin gown at the  
 left, in a color called rose breath.  
 The lace being Alençon type. The  
 other gown has an encrustation of  
 the lace worked in combination with  
 chiffon. There is also a lace-edged  
 section at the right front of the hem.  
 The gown itself is satin.

**Winter Blooms**

Flowers are important trimmings  
 in dresses for the new season. Red  
 ones on black dresses are noted.  
 Often they are used in pairs as when

brown pasted feather flowers de-  
 corate the shoulders of a pale beige  
 satin gown. In clusters, white vel-  
 vet flowers make a delicate embel-  
 lishment for a white dull crepe  
 evening gown.

**Sleeves Change With One's Mood**

New York—Sketches herewith is  
 one of those inspired styles that are  
 such a comfort to the woman who  
 makes one new dress do for a sea-  
 son. The sleeves may be changed so  
 easily—laced for one night, beaded  
 chiffon for another, and contrasting  
 plain chiffon for still a third.

One of the biggest hits of the sea-  
 son has been a French dress, the  
 armholes of which are outlined by  
 bands of sequins. There are count-  
 less versions of this lovely frock,  
 most of them in velvet or heavy silk,  
 but some in chiffon.

Little by little, satin is reappear-  
 ing during the day, leaving the even-  
 ing field to other materials, among  
 which may be mentioned the matel-  
 asse or blistered crepes and other  
 rough-surfaced silks. One may al-  
 ways choose chiffon, however, if it  
 seems the most suitable for your use.

Naturally, with winter resorts in-  
 vitingly opened, the shops are mak-  
 ing a point of Southern fashions.  
 This naturally re-introduces printed  
 chiffon and other printed silks, again  
 in new guises—rather small motifs  
 so far. One may, of course, choose  
 monotonous instead of prints, and a  
 number of women find them smarter.  
 As reported previously, purples in all  
 ranges, blues in practically every  
 tint, and reds and greens in fewer  
 but interesting varieties, head the  
 list of colors, unless one wishes to  
 accord first place to melon tones,  
 which are, however, more sportively  
 inclined.

Bead by bead, as it were, beaded  
 evening dresses are coming back.  
 Beaded details are already back, and  
 at the back in a great number of  
 cases.

**DID YOU KNOW THAT**

Sequins, in girdles, and bands to

**THEY'RE Milder —  
 THEY TASTE BETTER**

—and I like CHESTERFIELD Cigarettes.  
 To me, they are mild—that is, they  
 don't seem to be strong; and there is cer-  
 tainly no bite, so far as I can tell.  
 To me, they taste better and they have  
 a very pleasing aroma.

Every CHESTERFIELD that I get is  
 well-filled, and I feel like I am getting  
 my money's worth—that there is no short  
 measure about it.  
 I like CHESTERFIELDS. They sat-  
 isfy me.

## OFFICE CAT.

If you're looking for business start scratching.

Teacher—While you have no good excuse for staying away from school yesterday.  
While—Well, it isn't my fault.  
Teacher—It isn't, what?  
While—Because I don't know how to think of a good one.

## A Toast!

Here's to the man who plans things—Builds things—Makes things—Who prattles out of wonders of life.

Not ghosts over ancestral gold, But takes on his own and takes hold.  
And Does Things!

You may have plenty of good sound sense and much valuable experience, but if you lack an enthusiastic interest in your work, you're destined to the dull drudgery of the day. Enthusiasm is the dynamo of your personality, driving all other advantages in your favor.

Mother—What was the idea of kissing a man you'd never seen before?  
Pretty Daughter—Well, it was so dark I couldn't tell who it was.

France is changing its laws to make divorce harder. The thing that makes divorce so hard in the United States is alimony.

Traveling Salesman—Why is the dog at halfpast?  
Merchant—The place is dead.

Some men lift their hats as an evidence of courtesy, and some merely touch the brim as an evidence of baldness.

Getting a Crowd.  
The game will begin at 7 p. m. and it is to be played with the aid of moonshine and electric lights.  
From Alhambria, N. C., Enterprise.

One trouble with the racketeer is that he does his racketing with a machine gun instead of a racket.

Dottie—Come in and see our new baby.  
Teacher—Thank you, but I will wait until your mother is better.  
Dottie—You needn't be afraid, it's not catching, teacher.

Three Ages of Man.  
Objects when pretty girl kisses him: Wishes he could kiss pretty girls; Gives pretty girls fatherly kisses.

Time is one of the most precious things on earth, yet most people spend it lavishly.

Farmer—There was a certain prominent physician who had a serious operation to perform on one of his patients. During the operation the physician became rather nervous and excited, and instead of removing the membrane he was after accidentally took out the man's conscience.

Lawyer—Well, what became of the patient? Did he get well?  
Farmer—Oh, yes, but having his conscience taken out he was not fit for anything else, so he studied law.

Man—How's business?  
Merchant—Take your hat off when talking to the deceased.

Georgia—So he says, 'Will yuh be faithful to me?'  
Clarice—Yeth?  
Georgia—Then I says, 'Well, I'm faithful to four others, I guess I can make it five!'

"I want to make a compact," said the timid youth, but his Sweet Patootie interrupted him by saying: "Gosh, I wouldn't try to make one when you can get them at the ten cent store."

Honesty is the best policeman.

**Losses by Erosion**  
**Affect Many Crops**

**Soil Waste Reflected in Lower Yields.**

Prepared by the United States Department of Agriculture, Bureau of Plant Industry.  
Lower crop yields per acre, with resulting higher production costs, are among the chief dangers of land erosion. Despite the fact that this country is letting its soil waste away faster than any other nation, there is little threat of an immediate land shortage. There is danger, however, in land reaching the point where farmers cannot gain a respectable living from it.

In the face of improved methods and machinery, improved varieties and increased use of fertilizers, average yields of some crops have dropped. The average yield of cotton for the ten-year period 1871-1880 was 189.4 pounds per acre, compared with 132.9 pounds for the period 1921-1930, a reduction that cannot be charged entirely to insects or to use of marginal land. The average yield of corn for the ten-year period 1871-1880 was 27.04 bushels per acre, while from 1921 to 1930 the yield was 23.16 bushels per acre. That the yield of corn has declined in spite of all the improvement in growing the crop must have some relation to eroded land, since the crop has not spread out extensively into dry regions and has not been devastated by insects or disease.

Erosion is being checked in many parts of the United States through terracing, sodding, and similar practices. Work has shown that excessive erosion can be controlled.

## PHOENICIA

Phoenicia, Jan. 3.—People were surprised to learn that Richard McGraw also died suddenly Friday evening. He leaves a wife and several children. The funeral will be held on New Year's Day at the home of his daughter, Mrs. Lester Bell.

J. J. McGrath, who was taken ill of pneumonia on his trip home from New York, is still in the Bala-Hospital. He is now considered as improving. Mr. McGrath is a well-known actor on the West Shore. Ray McGraw, who was taken ill on his trip home, was found by his wife and taken to the Bala-Hospital.

Mrs. and Katherine McGrath, daughter of Mr. and Mrs. T. J. McGrath, are about over the chickenpox.

Loren Bell is still at the Kingston Hospital. He is gaining.

John McGrath is getting over the chickenpox.

Samuel Bell didn't find the usual number of addies to welcome him at the community tree. Why, he had had a cold and all because of the chickenpox had "themed-in" so many boys and girls.

A nice program was given, a program of song rendered by Mrs. G. Bennett and others. The band favored with selections.

Mr. and Mrs. William Green of Chokan visited Mr. and Mrs. J. K. Bell at Mrs. Loomis's. They remembered them with a nice box of sweets.

Mr. and Mrs. W. Berryann entertained out of town relatives over Christmas. Mr. Berryann has been in excellent health for several years in the McGrath store.

Mrs. Harriet Loomis have been substituting as stenographer at the Schwarzwalder factory at Chichester during the absence of Mrs. Ronald Bennett, the stenographer, who with her husband, took a holiday trip by auto to points in Florida.

If those of West Shokan Heights visited friends here Saturday.

Several bears were brought in by different squads of bear hunters. Old Bruin seems to be plentiful.

## ONE BILLION DOLLARS FINE..

## 90 MILLION DAYS IMPRISONMENT

## for neglect of COLDS

EVERY YEAR, the common cold costs America over a billion dollars! Every year, colds imprison people at home—away from work—for more than 90 million days!

These figures are based on estimates of the United States Public Health Service.

Nor does this terrific penalty imposed by colds include their misery and annoyance—their trouble and worry—their actual danger to health.

Now Comes Relief! Happily—now—a way has been found to lift much of this burden. It comes with the new Vicks Plan for better Control of Colds.

In clinical tests among thousands last winter, Vicks Plan reduced the number and duration of colds by half!—cut the

dangers and costs of colds more than half! To millions of homes, the Plan has already brought new freedom from colds.

Better Control of Colds... This unique and remarkable Plan was made possible by the development of the new aid in preventing colds—Vicks Nose & Throat Drops. This new formula is the ideal companion to Vicks VapoRub, the modern way of treating colds. Together with certain simple rules of health, they form Vicks Plan for better Control of Colds—fully explained in each Vicks package. Very briefly, it is this:

To PREVENT Many Colds... When Colds threaten—at that first feeling of

stiffness or nasal irritation, snuffle or sneeze—Nature's usual warning that a cold is coming on—use Vicks Nose Drops at once! They soothe irritation and aid Nature's functions in throwing off the infection that threatens. They prevent development of many colds.

To END a Cold Sooner... If a cold has developed or strikes without warning, vigorous measures are necessary. At bedtime, apply Vicks VapoRub over throat and chest. Its direct double-action continues through the night. By morning the worst of a cold is usually over. During the day, use the convenient Vicks Nose Drops for added comfort and relief.

For Fewer colds, Less Severe colds, Less Expense... Follow VICKS PLAN for Better CONTROL-OF-COLDS

### Bruck All Stars Tounce Rosendale

Pete Bruck's All Stars took Rosendale over the 100-foot hurdle in their game Monday night at the Firemen's Hall. The final standing, 42-16 reveals exactly the margin of play throughout the game. At half time Bruck's men were in front, 19-6.

Van Deusen and Merrill were the leading point makers for the winners, each having 14 points apiece, but outside of scoring their teammate Knoll at center played a bang up game of both the defense and offense.

There will be no game Wednesday at the B. W. S. Hall in Stone Ridge. The score:

### West Wins Over East, Score 21-13

San Francisco, Jan. 3 (AP).—The brilliant running of "Hard Luck Hank" Schalbach, University of California halfback, was the high light of the West's 21-13 victory over the East in the annual Shrine Charity football game.

Schalbach, rumpaging in the second half of the contest at Kezar Stadium yesterday, accounted for all of the West's points. He carried the ball over for three touchdowns and in each case added the extra point with a place kick.

The California halfback's playing drew as much comment as a surprise, closing-moment as a personal clash between Joe Kurth, Notre Dame tackle, playing for the East, and a western end, Ralph Stone, of the San Francisco Olympic Club. Some 45,000 fans saw the two players engage in the brief tiff, which was quickly stopped by officials. Kurth and Stone were ordered from the game.

It was the West's fifth victory in the eight annual games that have been played.

### At The Theatres

Today.

Kingston. "The Match King." Warren William, who has been acting various famous men on the screen, is at his best in the story of Paul Kroll, Match King. The story is taken from the life of the Swedish scoundrel, Ivan Krongren, and it moves along at a fast pace from start to finish. It shows the rise of the man from a street sweeper into one of the richest and most powerful men the world has known. Through trickery, deceit and the scrupulous business methods, Kroll gets control of the match industry, but circumstances beyond his control drive him to suicide at the end of the show. Supporting Mr. William in this interesting story of present day business are Lily Damita and Juliette Compton.

Broadway. "They Just Had to Get Married." A comedy drama with many amusing moments is this story that features Slim Summerville and Zazu Pitts in parts especially adapted to their talents.

Orpheum. "The Crowd Roars." A story of automobile racing so well done and so interesting in plot and action that there isn't a dull moment. James Cagney is excellent as a tough and tough racer, who spends his time keeping his younger brother from taking up the sport because of his dangers. Joan Blondell is also in the cast.

Tomorrow.

Kingston. Same.

Broadway. "The Maddock Revue" on the stage, and "Monte Carlo Madness" on the screen. The stage show, with a cast of 25 performers, features James Cagney, formerly of Earl Carroll's Vanities. Songs, choruses, comedy and dances are blended into this traveling musical comedy show. "Monte Carlo Madness" is a melodrama of royalty, in which love finds a way to break down old customs and barriers. Sari Maritza, newest European sensation, is the featured player.

Orpheum. "Union Depot." Excitement in a railway station, with Douglas Fairbanks, Jr. and Joan Blondell. This show is good for an evening of thrilling entertainment.

### Kingston High Plays Saugerties

Kingston High School varsity will play its second game of the season Friday night in the high school gym when it meets Saugerties High. The latter is generally a well coached squad and capable of doing grave damage at any moment. However, the Maroon will be on its toes after the long rest of Christmas vacation and a few workouts this week to tune it up.

The 27-26 victory of the Klasmen over the Alumni a week or more ago, displayed rather well the capabilities of the Maroon. It is a fast, aggressive squad and works well under pressure rather than becoming disorganized when their opponents gain the edge. For the first game and playing against a team familiar with Klasm's system, the varsity really did a good job in the opener and should improve and accomplish things as the season goes on.

### Spinnys to Meet Bruck's All Stars

Thursday night at 8:30 in the K. of P. Hall in Port Ewen the Spinnys Radio Five of that village will meet Pete Bruck's All Stars, a team that has taken over some of the best lives in the district. It is believed that this will be one of the best games of the season on the Port Ewen court. There will be a preliminary, but the names of the teams have not been announced.

### Regatta on Hudson To Be Held As Usual

New York, Jan. 3 (AP).—The Poughkeepsie regatta will be held as usual this year, depression or no depression.

Taking cognizance of reports that the famous regatta might be abandoned this year in the interests of economy, Malcolm Stevenson of Columbia, chairman of the stewards of the Intercollegiate Rowing Association, declared there was not the "slightest chance" that the regatta would be called off.

"There undoubtedly is need for retrenchment this year," he said, "and we may not have so many crews in competition as before, but the championship regatta will be held on the Hudson as usual and I am confident most, if not all, our rowing colleges will be represented."

"It is to me unthinkable in a sport as thoroughly Simon-pure as rowing that we would even consider not having our championship regatta, an event going back 35 years for most of us, simply because we haven't made as much money as usual out of football and consequently are having trouble balancing the budgets."

### SPORT SLANTS By Alan J. Gould (Associated Press Sports Editor.)

While U. S. C.'s vaunted power and running attack of yesterday—when Pinckert, Shaver, Drury, Williams, Duffield and Kaer were totting the onion—has not been displayed by the present band of Trojans, the 1932 outfit is a much more DANGEROUS team when it gets the ball than ever before," writes Frank Finch from Santa Monica, Calif.

"Figures don't lie, and they tell you that although U. S. C. hasn't 'hogged' the ball so much in its games this year, when the Trojans do get possession of it, they go places!"

"The best example was the Notre Dame game. Statistics show that the Trojans had 56 plays from scrimmage, as against 79 for the Irish. Then, the Irish had 23 more chances to score, but were unable to, while Howard Jones's athletes scored twice!"

"U. S. C. beat Washington State's stronger Cougar team 20 to 0, yet U. S. C. only had 68 plays from scrimmage as compared to 67 for the Cougars."

"The Trojans had 19 more plays from scrimmage than Utah (33 to 69), yet the Rocky Mountaineers were massacred, 35 to 0!"

"Oregon State was defeated, 10 to 0, although the Trojans only had 7 more scrimmage plays than the Beavers."

"The Trojans might be compared to Jack Dempsey. A boxer might land a knock of love taps on Dempsey's chin, but when Dempsey saw an opening, he SOCKED!"

Paging Dr. Dickinson.

"Southern California rooters were pretty well 'burned up' when Prof. Dickinson awarded the Rockne Memorial Award to Michigan."

"Perhaps Prof. Dickinson can explain how a champion and the Trojans won the Rockne Award in 1931) can have his crown snatched off his noble brow after he had defended it against all comers."

"Another thing: While Ernie Smith has proved his worth as an All-American star, observers think that Ernie is just one wee bit better than Capt. 'Tay' Brown, Aaron (Pat) Rosenberg and Ray Sparling."

"Although the Trojans wallowed Pittsburgh, 47 to 14, three years ago, they don't figure themselves 'overwhelming favorites' in the forthcoming encounter with the Panthers. El Trojan is set for a great battle, and there is every reason to believe that such will be the case."

### 102-Yard Pant.

"Get a load of this," writes Jimmie Heffron from Anaheim, Calif.: "Arnaheim's Colonies playing Corona (high schools); Anaheim's hall on own 30-yard line. Bert Kidd, 153 right end, left foot punter, dropped back to his own 18. Kicked, ball hit ground on Corona's 12 yard line, rolled behind goal lines. Was picked up 10 yards back of goal posts."

"If I can add, that 102 yards from kicker's toe to where ball stopped. And not a breath of wind stirring, not enough to lift the stars and stripes from the flag pole. Ain't that sompin'? I ask you."

### BILLIARDS

Tonight at 7:30 at the Roskosi Pool Parlor, Joe Zeeh vs. Charles Swint.

### HECHT WINS JUNIOR INDOOR TENNIS TOURNAMENT

New York, Jan. 3 (AP).—Mark Hecht of New York has won the National Junior Indoor Tennis Championship for the third successive year, a feat previously accomplished only by Vincent Richards.

Hecht, a University of Pennsylvania sophomore, who had been a heavy favorite from the start, overpowered Richard K. Hebard of the Hill School, Pottstown, Pa., 6-4, 6-2, 6-8 in the final round of the championship tournament yesterday.

### Pittsburgh Badly Beaten In Rose Bowl

Pasadena, Calif., Jan. 3 (AP).—To Pittsburgh's football team Southern California's sturdy linemen still are "the topless towers of Troy."

A revenge seeking Panther pack pounded relentlessly at the Trojan ramparts in the Rose Bowl yesterday before 82,000 persons, to obtain after 60 minutes of fierce football only a 35 to 0 defeat.

It was the most decisive score ever written into the 18 years of Rose tournament intersectional grid history.

To quote a man who should know best, one Dr. John Bain Sutherland, Panther coach, "it was simply a case of too much guards and tackles."

The speed with which Coach Howard Jones's team struck in scoring its first touchdown, and the final score, belittled the valiant efforts of the Panthers who hit off more Trojan than they could chew, and realizing it, kept right on fighting.

### Schedule of Sunday School League Games

### Senecas to Meet Newburgh Hakoahs

Tonight at the Salvation Army court the Kingston Senecas play one of their hardest games of the season against the Newburgh Hakoahs.

However, things look favorable for a Seneca win for only recently the locals won from the Newburgh Rangers who in turn trimmed the Hakoahs, 41-39. Still the Senecas are not under estimating their opponent and are set for a tough struggle.

There will be a preliminary between the Seneca Juniors and the Junior team from Newburgh.

### COMFORTER ACES WIN FROM PORT EWEN SCOUTS.

"I would not have waited until

trump to shoot," he answered.

Alan Gould regretted his confidence

in the following handsome set

aces adorned with kings, which

he dealt to himself:

Gould opened the auction with

two spades, his fair partner offered

three clubs and Gould seemed to

be no trump, which the skeptical

entertainer in the south doubted.

With discarded hearts and made a

made trick.

The lure of 150 aces was as irre-

resistible as ever to Philip F. Farley in

the national pair tourney of the

American bridge league, but he tri-

umphed in the following deal:

Farley opened with two no trump

and his partner, Stewart W. Bowers,

bid four diamonds. Then Farley

sent the limit in no trump. A club

opening helped him. After playing

the ace of diamonds he entered the

dummy by means of the queen of

diamonds to get five discards. A

made finesse at the end worked.

## HIGH FALLS.

High Falls, Jan. 3.—The New

Year's service in the Reformed

Church, which was in charge of

Charles Howard, was well attended

and Mr. Howard delivered a very in-

teresting and helpful sermon. Sun-

day, January 3, Dr. James Cantine of

Stone Ridge will again be here and

everyone is most cordially invited to

come and enjoy the service.

The Ladies' Aid Society will hold

its regular monthly meeting at the

home of Mrs. Ganss on Thurs-

day afternoon, January 5, at 3

o'clock. All members are invited to

be present and as it is the first meet-

ing of the year it is hoped there will

be made a good start and as many

members as possible try to attend.

The social held in the basement of

the Reformed Church on Friday eve-

ning was well attended and everyone

present spent a most enjoyable time.

Refreshments were served, consist-

ing of sandwiches, pickles and coffee.

But the chief interest of the evening

and the real object of the social was

the miscellaneous shower which was

given Mr. and Mrs. Clarence Howard.

They received a number of various

gifts, all of which proved to be very

useful. They were both surprised

and delighted and very appreciative.

All those who took part in getting up

the social as well as giving a gift for

the shower surely were well repaid

for Mr. and Mrs. Howard both felt

the heartfelt love and interest back

of it all, and it made them realize

how much they were thought of in

the community.

Charles Sherman is spending some

time in New York city.

People here extend sympathy to

the husband and relatives of Mrs.

Robert Christiana, who died recent-

ly.

Master Warren O'Connell is spend-

ing some time with his grandparents,

Mr. and Mrs. Charles Sherman.

The High Falls Public School re-

opened on Tuesday, after the Christ-

mas vacation.

There were several callers at

Locust Hurst Cottage on Sunday af-

ternoon.

John H. Ayers made a business

trip to Kingston on Tuesday.

The first day of the New Year was

bright and cold. One felt the cold

more since it followed such a warm

period of weather.

Miss Harriet Church of Freeport,

Long Island, and the Misses Kathryn

Krom of Valley Stream and Alice

Krom of Brooklyn have entered upon

another year of school work, after

enjoying the Christmas vacation at

their homes here.

## WEST SHOKAN.

West Shokan, Jan. 3.—The mid

weather of Christmas week termi-

nated suddenly with a cold snap over

the week-end. The wind ripped and

tore generally while the ground

froze up hard as a rock. At this

writing many a flock of snow is to

be seen about the countryside and

while King Winter is relaxing his

grim grip a bit.

There was a good attendance of

young people at the West Shokan

Sunday school session on Sunday af-

ternoon at one o'clock. The musical

selections were "Onward Christian

Soldiers," "One Day," and "Jesus Is

All the World to Me." There were

two new pupils enrolled in the Sun-

day school membership. Next Sun-

day everyone is going to try to bring

another scholar to Sunday school. If

the plan works out successfully there

will be about twenty-five people

present.

The postponed Odd Fellow and

Rebekeah Christmas party will be held

at Olive Bridge hall at the close of

the Olive Rebekeah Lodge session on

Thursday evening of this week. The

party will be for the benefit of both

lodges and their families.

The I. O. O. F. Saturday night

dances at Olive Bridge have been dis-

continued for the present.

Elwyn Davis has obtained a num-

ber of trees on the wood lot of Mrs.

Katherine Sherman, formerly the

property of Mrs. Minnie Smith.

Mr. and Mrs. Shepard Bell of Main

Street are feeling quite under the

weather again. It seems that when

one contracts a cold it is very hard

to get rid of it.

A family group consisting of Mrs.

Lena Smith and son, John, also Mr.

and Mrs. Edward Crispell and son

were entertained at a turkey din-

ner on Christmas with relatives in

Stone Ridge.

veteran mill man, is re-locating his

steam saw mill which he has moved

from Schoharie, and is setting it up

adjacent to his property in Charles

the Broadhead locality should prove

an asset to the community.

Gilbert Palen and daughter, Cora

Betty, of Schenectady, spent Christ-

mas vacation with the other members

of the family at Olive Bridge.

Dorothy Dwyer's Christmas tree,

while still an object of beauty, is

destined not to last long. In fact,

it is fated to go out almost as the

The Hudson Motor Car Company will offer the fastest and most complete line of cars in its history with two entirely new models shown for the first time at the New York Show, according to Peter A. When the new cars arrive Mr. Black will have on his showroom floor the most interesting display of cars in its history. It was disclosed that the Hudson line for 1933 will
